CAUSE

On June 20, 2021, John Di Blasi is projected to be released from the custody of the Bureau of Prisons to commence his term of supervised release. Di Blasi is requesting to transfer his supervision to the Western District of New York. The United States Probation Office in the Western District of New York has requested that the Court modify the offender's conditions of supervised release to include the above referenced substance abuse treatment condition. The probation officer notes that Di Blasi was a weekly user of cocaine at the time of his arrest for the instant offense. On April 20, 2021, Di Blasi signed the attached Probation Form 49, waiving his right to counsel and his right to an appearance before the Court.

Respectfully submitted,

**United States District Court
Southern District of Georgia**

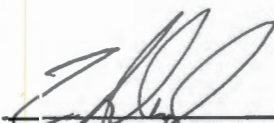

**Waiver of Hearing to Modify Conditions
of Probation/Supervised Release or Extend Term of Supervision**

I have been advised and understand that I am entitled by law to a hearing and assistance of counsel before any unfavorable change may be made in my Conditions of Probation and Supervised Release or my period of supervision being extended. By "assistance of counsel," I understand that I have the right to be represented at the hearing by counsel of my own choosing if I am able to retain counsel. I also understand that I have the right to request the court to appoint counsel to represent me at such a hearing at no cost to myself if I am not able to retain counsel of my own choosing. I further understand that all previously imposed conditions will remain in effect.

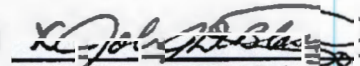

I hereby voluntarily waive my statutory right to a hearing and to assistance of counsel. I also agree to the following modification of my Conditions of Probation and Supervised Release or to the proposed extension of my term of supervision:

The defendant shall participate in a program for substance abuse, including substance abuse testing such as urinalysis and other testing, and shall undergo a drug/alcohol evaluation and treatment if substance abuse is indicated by the testing. The probation officer will supervise the details of any testing and treatment, including the selection of a treatment provider and schedule. If in-patient treatment is recommended, however, it must be approved by the Court unless the defendant consents. The defendant is not to leave treatment until completion or as ordered by the court. While in treatment and after discharge from treatment, the defendant is to abstain from the use of alcohol. The defendant is required to contribute to the cost of services rendered.
